

Manufacturing Certification for FREE*

**Free tuition for those that qualify*

Session 1

August 10 - October 2

Session 2

October 5 - December 4

Drake State is offering an industry-led training, assessment and certification program free of charge to those who qualify. Students who pass the 8-week course will earn the nationally recognized Manufacturing Skills Standards Council Certified Production Technician (MSSC CPT).

To find out if you are eligible to participate in the program, you must complete a brief online [program interest form](#). Call the Adult Education Department at (256) 551-5212 for more information.
